

A Guide to Exhibition Electrics: What Sockets do I need?

Please note extension leads can be used providing they are under two metres for health and safety and that what is plugged into them doesn't exceed the wattage of the socket. You can get a quote direct from us for 24 hour power. If you have any queries don't hesitate to contact the office on 02476636783 or at electrics@indexgroup.org
